

Trainers

Wayne Woldt is currently an Associate Professor in UNL Department of Biological Systems Engineering and has expertise in environmental and water resources engineering. He is a Registered Professional Engineer in Nebraska with over 15 years of experience in onsite wastewater system research and design, including development and delivery of relevant training programs to Nebraska industry.

Mark Bauer is currently the Program Manager for the Onsite Wastewater Treatment and Wastewater Operator Certification programs for the Nebraska Department of Environmental Quality. He is a registered Professional Engineer in Nebraska, and received his Bachelor of Science degree in Civil Engineering from the University of Nebraska-Lincoln. Mr. Bauer has been with NDEQ since September 2011, and has also worked with the Livestock Waste Control and Wastewater/ NPDES programs at the Agency. Prior to NDEQ, Mr. Bauer worked as a project manager for several local and national engineering consulting firms over the previous ten years, and he also spent twelve years with the City of Lincoln Public Utilities – Wastewater Department, serving as the Industrial Pre-treatment Coordinator, and the Superintendent of Wastewater Collection.
