IMPORTANT NOTES!

- Initial land application training certification requires participation in full event (6-6.5 hours). Lunch included.
- Recertification training requires participation in the 2.5 hour session. Alternatively, you may attend the full event.
- Anyone is welcome. Crop farmers and livestock operations will learn useful, applied information.
- Registration and more information is available at: water.unl.edu/lat

COST: $75 PER OPERATION
Multiple people may attend from an operation.

Land Application Training
2022
APPLYING MANURE MANAGEMENT CONCEPTS ON-FARM
Sessions will be held in-person and will include an update on regulations and discussion on how to best use manure on your operation. All-day sessions will meet requirements for Land Application Training. Afternoon or evening sessions will meet needs for Recertification. Pre-registration is required and is available at: water.unl.edu/lat. Cost is $75 per operation.
